Mr. A. Eachara Menon (*Chittur-Rural*): How are the rates calculated for arriving at this amount?

Mr. K. Achyuta Menon (*Diwan Peishkar*): Generally it is fixed in the Land Revenue Manual at a certain amount per acre, if they are not for commercial purposes on a large scale. If they are for commercial purposes, an enhanced amount is received and it is determined by the number of stones quarried.

Mr. K. Achyuta Menon (*Diwan Peishkar*): The estimate will not show how many stones would be actually quarried. It will show the cubic measurement of the area.
